

## **Lion Biotechnologies Prices Public Offering of Common Stock**

February 26, 2015 12:19 PM ET

LOS ANGELES, Feb. 26, 2015 (GLOBE NEWSWIRE) -- Lion Biotechnologies, Inc. (Nasdaq:LBIO), a biotechnology company that is developing novel cancer immunotherapies based on tumor infiltrating lymphocytes (TIL), today announced the pricing of an underwritten public offering of 8,000,000 shares of its common stock at a public offering price of \$8.00 per share. The gross proceeds from this offering to Lion are expected to be \$64.0 million, before deducting underwriting discounts and commissions and offering expenses payable by Lion. All of the shares in the offering are being sold by Lion. Lion has granted the underwriters a 30-day option to purchase up to an additional 1,200,000 shares of common stock at the public offering price. The offering is expected to close on or about March 3, 2015, subject to satisfaction of customary closing conditions.

Lion intends to use the net proceeds of the offering for the development of its product candidates, including its planned Phase 2 clinical trial for metastatic melanoma, and for other general corporate and working capital purposes.

Jefferies LLC, Cowen and Company, LLC and Piper Jaffray & Co. are acting as the joint book-running managers of the offering, and Roth Capital Partners, LLC is acting as co-manager.

Lion is offering the shares described above pursuant to a shelf registration statement on Form S-3 that was previously filed by Lion with the Securities and Exchange Commission (SEC) and that was declared effective on December 10, 2014, and a related automatically effective registration statement filed pursuant to Rule 462(b) the Securities Act of 1933. The securities may be offered only by means of a prospectus. A preliminary prospectus supplement, including the accompanying prospectus, relating to the offering was filed with the SEC and is available on the SEC's website at <http://www.sec.gov>.
